January 14, 2013

Dear Valued Client,

RE: Opening of New Labrador West Regional Landfill Site February 1, 2013

This is a notice to all commercial waste management clients that effective February 1, 2013 the Labrador West Regional Landfill site (*"the Landfill"*) will be operational and open to the public. Please note *the Landfill* will be the exclusive regional waste disposal site coinciding with the closing of the Wabush Incinerator site.

As announced by the Town of Labrador City in the recent municipal budget report as well as in the January 7th edition of "The Aurora" newspaper, with the opening of *the Landfill* site there is a **mandatory tariff for all commercial waste of \$95.00 per ton**. As the exclusive waste management company for the Labrador West region, Hodge Bros Ltd. will born the cost of these municipal fees up front on the client's behalf and subsequently recover applicable expenses from the client, in addition to a ten (10) percent administration fee. These fees will be effective February 1, 2013 and will be reflected in the subsequent monthly invoice from Hodge Bros Ltd.

Please don't hesitate to contact us or the Town of Labrador City should you have any questions or wish to discuss these matters further.

Regards,

A handwritten signature in blue ink, appearing to read "Brad Dillon", with a long horizontal flourish extending to the right.

Brad Dillon
